That Green River Trip

It May be Hot as Blazes Here, But It's Cool on Green River
Too hot to laugh, too hot to cry.
Too hot to sing, too hot to sigh.
Too hot to sell, too hot to buy.
Too hot to live, too hot to die.
Too hot to eat, too hot to sleep.
Too hot to smile, too hot to weep.
Too hot to give, too hot to keep.
Too hot to sow, too hot to reap.
Too hot to scold, too hot to whip.
Too hot to sneeze if you have the grippe.
Too hot to drink, too hot to sip.
But not too hot for the Green River Trip.

The coolest place in Kentucky in August is on the upper deck of the Steamer Bowling Green, going up or down Green river. The cooling river breeze gently fans the fevered cheek bringing some of that much needed rest that knits up the ragged sleeve of care. The really grand and beautiful scenery along the banks of both Green and Barren rivers soothes the weary mind and you forget the cares and troubles of the work-a-day world. The changing views and scenes of activity at the river towns are full of novel interest, and one who makes the trip over these beautiful waterways will have something to look back over and be thankful for having experienced. The obliging kindness of the boat people from the captain down to the humblest deckhand is wonderful and they take a real interest in your comfort and welfare. They are never too busy to do everything in their power to make the trip one of pleasure. The Bee's Contest party will leave Earlington on train 52 Thursday Aug. 13th and return on train 93 Sunday night Aug. 16th. The cost of the entire trip will be only \$12.50 and we want you to go with us on this trip. In case any children or young people wish to make the trip they will be taken care of by suitable chaperones. As we can not take over a certain number it would be well to send in your name as early as possible.

The Red Men will decorate the graves of the departed Bros. at Earlington cemetery Sunday afternoon May 31 at 2 p. m. A beautiful program has been arranged with a prominent speaker, appropriate singing by the Red Men choir. The public is extended a cordial invitation.

Good morning! Have you seen The Courier? Evansville's best paper.

THE BEE'S ANNUAL GREEN RIVER CONTEST TRIP

Will Start Monday June 1st and Close Monday August 10th. at 3 O'Clock P. M.---Will Send Six Ladies Free.

AND GIVE A \$50.00 CHAMPION DROP

HEAD SEWING MACHINE TO LEADER

The Semi-Weekly Bee will send six ladies from Hopkins County on a (5) days steamboat trip up Green and Barren Rivers Free. The party will leave Earlington on train 52 Thursday Aug. 13th in a special coach and will return on train 93 Sunday Aug. 16th. In addition to this we will give the party holding highest number of votes a \$50 "drop head sewing machine" with full set of attachments. The Bee's annual Green River trips have become so popular and well known it is scarcely necessary to do anything but announce them. The beautiful scenery along both Green and Barren rivers have been thoroughly advertised every year and the large number of contestants who have won trips and friends who accompanied them have in turn told their friends of the pleasures and wonders of these trips until practically everyone in Hopkins County knows about them. This year we expect to have quite a large party and will charter the Steamer Bowling Green for this trip in order to have the entire boat exclusively for our party, should the number reach 60 or more. In the past we have been running only young ladies as contestants, but this year it will be free for all and any one between the ages of six and sixty may enter. Anyone wishing to take this trip with the winners may do so by paying \$12.50, and this covers the cost of entire trip.

HOW TO ENTER CONTEST

As usual anyone wishing to enter this contest will fill in their name or the name of friend they wish to nominate in the Nominating Coupon and mail or bring it to this office. You will be entered with 1000 complimentary votes, and the standing of contestants will be published in each Friday's issue. All votes will be deposited in a locked box and a final count will be made by a committee of disinterested parties.

HOW TO VOTE

Five thousand votes will be given for every dollar turned in on subscription and 2000 for every dollar paid on job work or advertising. A coupon good for 500 votes will be printed in every issue of the paper and may be clipped from the paper and voted on or before date of expiration.

CLOSING EXERCISES

Of Earlington Graded Schools Witnessed by Large and Enthusiastic Audience

PROL. LEIPER MAKES CLASS ADDRESS

There was a well pleased household of people at Temple Theatre Thursday evening, who witnessed the commencement exercises of the Earlington Graded and High School. Expressions of praise were heard on every side, for the parts taken by the High School graduates, for the goodly number of eighth grade pupils finishing, and for the many substantial evidences of the excellent and steady progress being made by this school, which is becoming more and more a thing of pride and personal interest to the people of Earlington and of the Earlington Graded School District. This interest, too, is not by any means confined to the limits of this district, as is evidenced by the number of pupils in the school this year from other points both in and out of the county. The outside patronage was good this year and there are flattering promises that it will be even better when school opens again in September.

The first thing on the program was awarding of certificates of promotion to Eighth Grade graduates. Paul M. Moore, president of the school board, made a brief talk emphasizing the benefits of a graded school education and pleading with the parents to keep their children, and especially the boys, in the school in greater numbers at least until they should finish the eighth grade. He then presented the certificates of promotion. There were nineteen to receive these certificates, 6 boys and 13 girls. Twelve of this number had passed continuously through the Earlington school from the primary grade, the other seven coming in at different periods. Those who received these promotion certificates were:

Hazel Ashby, Charlie Barnett, Lena Davis, Lona Deshon, Sarah Featherston, Aileen Fox, Thelma King, Gracie Martin, Lacie Martin, Monon Oldham, Laura Parker, Ethel Peyton, Mildred Shaver, Dennis Vaughan, Lee Gentry, Pauline Gamble, Minnie Babbs and Selma Smith.

Of chief interest was the part taken in the program by the High School graduates of '14 Class. In the order mentioned these graduates gave the following numbers: Oration—"Evolution," Edgar Arnold; Reading—"A Quarter Interest," Miss Margaret Dudley; Essay—"Patriotism in Literature," Miss Ethel Oldham; Class Will and Prohecy, Miss Ida Lee Sisk. The work of each was welcomed with generous applause and they were heartily complimented by many friends.

Musical numbers were interspersed. Miss Helen Pendleton, of Pembroke, sang two solos and was cheered to an encore. Prof. Loving and his youthful orchestra, of Madisonville, rendered several selections. The invocation was by Rev. W. A. Grant and the benediction by Rev. H. J. Brazelton. Prof. C. E. Dudley presented the diplomas to the graduating class, with a brief inspirational talk in which enthusiasm for the future of the Earlington school was emphasized, which met a hearty response from the audience.

The class address was delivered by Prof. Leiper, of the Western Kentucky Normal at Bowling Green. It was a strong, clear, inspiring talk, practical and understandable, and the hearers were sorry when he finished. The speaker came as a substitute for Dr. H. H. Cherry, of Bowling Green, who was prevented by illness from meeting this appointment.

ALL TEACHERS ARE RE-ELECTED

Prof. Dudley, Superintendent and Entire Faculty Chosen for Another Year.

SPLENDID WORK DONE AND FINE PROSPECTS FOR FUTURE

All of the teachers composing the faculty of the Earlington Graded and High School for the year just ended have been re-elected by the Board of Education, and with one exception have formally accepted positions for the next school year. This one teacher is expected to give a favorable expression of acceptance within the next few days. The election was at a meeting held by the School Board on Wednesday evening. Prof. C. E. Dudley had been elected several weeks ago and had accepted the position of Superintendent for another year. It was hoped that the full board might be present for the annual election, but the continued illness of Mr. J. L. Wise, who has been for some weeks at Hot Springs, Ark., prevented his attendance and the final meeting could no longer be postponed. The work of the year just ended has been so satisfactory, it is understood that the board did not feel like making any changes in the personnel of the faculty which has done such excellent team work. The faculty, from the Superintendent down to the primary grade, is as follows:

Prof. C. E. Dudley, Misses Katherine Howard, Geneva Huffaker, Leta T. Wilson, Ruth Brown, Sue McWilliams, Elizabeth Kemp, Harriet C. Pawcett, Gene Armstrong, Mary Mothershead.

Vocal music, drawing, sewing, hand work, domestic science, manual training, have all been given to the children throughout the year past, in such measure as it was possible, and the benefits derived from this supplementary training, which is not required by law but is put into the Earlington School for good measure heaped up and running over, are manifest to everybody who has taken the time to look or to listen to what has been accomplished. It is the purpose of the Board of Education and of the faculty to strengthen the work along these lines, as well as throughout the entire work of the school, as rapidly and as full as circumstances and resources will permit. Nothing more of the very best will in the end satisfy their desire for the improvement and advancement for the children of the people of the Earlington Graded School District.

Next year the High School enrollment which is much greater than ever before and a number of outside students have already indicated their intention of coming to this school. Attendance has been good throughout the year and a larger proportion than before have remained in the school to the end. Every effort has been and will be made to keep the children in constant attendance, the only lack of attendance that counts for much is getting the right sort of education and training through the public school.

Attention! All Red Men are requested to meet at Wigwam Sunday, May 31st at 1 p. m. purpose decoration and memorial service.

Harry Long, Sachem.

Give Me About One Week's Notice

Don't forget that I am still in the
paint business and that there is no
work done in that line that you can
lose me in, any inside or outside
work that you are able to get in a
city, you can just tell your friends
that Hurley is the man to look for,
and then do not depend on my name
as a workman, but go and look over
my last work or what I am doing at
the time. I wish you would forget
this common graining and have
some first class work done on your
home, your floors have had the same
kind of work on them so long that
they look old to you, and the reason
of that is, you have not had the man
yet that can change them and of
course could not tell you anything
different. I will be in Madisonville
Friday and Monday, so call Coffman
& Settle and leave your name with
them and they will tell you who's
job we are working on.

FOREST NOTES

Four buffalo calves have just
been born on the Wichita national
forest, bringing the herd up to
51.

In cooperation with the weath-
er bureau, forest rangers are to
measure snow depths in the
western mountains.

Students of the Oregon agri-
cultural college are working at
the forest nursery off the Suslaw
forest. The arrangement is said
to be mutually satisfactory since
the students gain experience in
forest nursery practice and their
assistance lowers the cost of
nursery work.

Manufacturers have found that
red alder from the Pacific coast
is a suitable material for clothes-
pins. Alder makes a white,
smooth, springy pin. As a re-
sult of this fact, a clothespin
factory, said to be the first on the
Pacific coast, may be established
at Portland, Oregon.

The city of Tacoma, Washing-
ton, has entered into a coopera-
tive agreement with the forest
service for the protection of the
source of its water supply, the
watershed of the Green river,
which lies within the Rainier
national forest. The two agenc-
ies working together will pro-
tect this stream from the results
of forest destruction by fire or
by other agencies.
